Nirvana Bliss II, LLC & Nirvana Bliss V, LLC doing business as N'Bliss

Fenton, MO— 8/28/20 — Nirvana Investments receives notice from the Missouri Department of Health and Senior Services that Nirvana Bliss II, LLC and Nirvana Bliss V, LLC (d/b/a N'Bliss) are the first Medical Marijuana Dispensaries Approved to Operate in Missouri.

“On behalf of everyone at Nirvana Investments, we are honored and humbled to receive commencement approval to operate from the DHSS. This approval allows us to be one step closer to living our Mission at N'Bliss of being a trusted medical marijuana dispensary in the communities we serve, known for helping individuals find their path to Bliss.” said Bradford Goette, CEO at Nirvana Investments.

Positive Medical Marijuana Patient Impact and Product Availability

The over 60,000 Medical Marijuana Qualified Patient Cardholders in Missouri are one step closer to being able to access medical cannabis in the state. N’Bliss, licensed Medical Marijuana Dispensaries, will provide a place where cardholders can access cannabis products in a legal, safe, and trusted environment.

“We look forward to earning Missouri Medical Marijuana Cardholders trust as we provide the medicine they seek for their medical conditions or as an alternative to opioids which have an alarming rate of addiction in Missouri.” said Goette.

Medical Marijuana product availability is getting closer, several cultivators are awaiting final approval of licensed testing facilities. Testing is required and must take place before cultivators can sell their flower to dispensaries in Missouri. However, both N’Bliss locations

N’Bliss Manchester- 1266 Old Orchard Center Manchester MO 63021

N’Bliss Ellisville- 15396 Manchester Rd Ellisville MO 63011

are currently open to the public for purchase of CBD products and to learn more about medical marijuana and how to register for a Medical Marijuana Card.
